

# Robertswood School

## Weekly Newsletter

Monday 21st September – Friday 25th September

It has been lovely to see the return of Forest School this week, which is always a firm favourite with our children. There is something very special about seeing them enjoying the outdoors, exploring, learning and, of course, getting a little muddy along the way!

Please remember to check below for your child's Forest School sessions. Children should come to school prepared with long trousers and long sleeves, along with suitable, weather-appropriate footwear, so that they can enjoy their sessions comfortably whatever the weather brings.

Our Reception children have now completed their first full week at Robertswood and continue to settle beautifully into school life. It has been wonderful to see them becoming more confident with their new routines and getting to know their classrooms, teachers and friends.

I hope you all have a lovely weekend, and I look forward to seeing everyone again on Monday.

Mrs Davison

#### School Run Clubs

More information to follow

### Parking

We would like to remind all parents and carers of the importance of parking safely and responsibly when dropping off and collecting children from school.

Please be mindful of the laws relating to double yellow lines and parking on or near corners. These restrictions are in place for important safety reasons, including maintaining clear visibility for drivers and pedestrians and ensuring that emergency vehicles can access the area when needed.

We also ask that parents and carers consider the example they are setting for their children. By parking responsibly, showing consideration for our local residents and following the Highway Code, we can all help to create a safer and more respectful environment for our school community. Thank you for your cooperation and for helping us to keep our children, families and local residents safe.

### Headlice

We have been made aware of some cases of head lice in school. Please could we ask that you check your child's hair carefully over the weekend and, if necessary, treat accordingly. Early detection and treatment can help prevent the spread to other children.
